Here's what sets us apart.

CIN: U40106MH2022OPC375161.

GSTIN: 27AAGCE85921Z7.

### Amit Jaiswal

Founder & Director

Elita Energy OPC Private Limited,

He has over 10 years of experience in the energy sector. He holds a bachelor's degree from Nagpur University and a master's degree in renewable energy from IIM Nagpur. The director is a visionary leader who believes in the power of innovation and collaboration. He has successfully completed several projects that have contributed to the growth and development of the renewable energy sector in India. He is a member of the Solar Energy Society of India (SESI) & All India Renewable Energy Association (AIREA).

## What we do

We are engaged in the energy sector, with a focus on renewable energy sources. Renewable energy is energy that is generated from natural processes that are continuously replenished, such as sunlight, & wind. Renewable energy is clean, sustainable, and beneficial for the environment and planet health.

We provide renewable energy solutions for various applications, such as:

**Solar Energy:** We design, install, and maintain solar photovoltaic systems that convert sunlight into electricity.

**Wind Energy:** We develop, operate, and manage wind farms that harness the power of wind to generate electricity and offer small-scale wind turbines for domestic and commercial use.

## Why choose Elita Energy

We are committed to providing high-quality, cost-effective, and reliable renewable energy solutions to our customers. We have a team of experienced and qualified engineers, technicians, and consultants who can handle any project from design to execution. We also have a network of partners and suppliers who can provide us with the best materials and equipment. We adhere to the highest standards of safety, quality, and customer satisfaction.

We are also passionate about promoting renewable energy awareness and education among the public. We conduct workshops, seminars, and campaigns to spread the benefits and advantages of renewable energy. We also support various social and environmental causes that align with our vision and mission.

**Reliability:** We ensure uninterrupted power supply through robust infrastructure and backup systems.

### Our Offerings:

**Solar Power:** Elita Energy designs and installs solar panels for residential, commercial, and industrial clients. We work in 1KW to MW projects and Say goodbye to fossil fuels and embrace the sun!

**Wind Energy:** We harness the power of the wind to generate electricity. Our wind farms contribute to a greener grid.

**Energy Efficiency Consultation:** Need to optimize your energy usage? Our experts provide tailored advice to reduce wastage and enhance efficiency.
